

HAWAII IS ALARMEO  
BY JAPAN'S ACTIONSUCCESS WITH CHINA CAUSES  
UNEASINESS.

Fears That the Mikado Will Demand Suffrage for His Subjects in The Little Republic—Present Ruler Afraid of Their Votes—President Dole Concerned.

Washington, April 19.—Private letters from the Hawaiian Islands are authority for the statement that the little republic is in a ferment over the success of the Japanese in the war with China. It being thought that the Mikado's advisers, flushed with victory, will, as soon as the treaty of peace is ratified, turn their attention to the condition of their countrymen in Hawaii. Before the war with China the Japanese commissioner in Hawaii was growing extremely demonstrative in his demands for complete suffrage for the Japanese on the islands. In this he has been backed up by the late royalists, who have everything to gain from the admission to suffrage of 25,000 Japanese of the lower orders. The former royalists have given up the Queen's cause as hopeless. They realize that they may, however, again rise to power either through the admission to suffrage of the Japanese or by annexation to the United States. Coming into this country, if granted the rights of statehood and not treated as a territory, Hawaii would have absolutely free suffrage. Kanakas, Japanese, and whites would be on an equality at the polls, and the intelligent whites, forming but a fraction of the country, would be outvoted and compelled to take back seats. Hence it comes that the royalists are one by one coming out openly for annexation. The advisers from Hawaii indicate that President Dole and his cabinet are seriously alarmed over the outlook, and fear a concerted attempt to throw the islands into a political condition which would be far worse than the south in carpet-bagging days.

## LEAGUE MEETING.

Gathering at Cleveland Will Be a Big Political Event.

Cleveland, Ohio, April 19.—The convention of the league of republican clubs, to be held here in June, will be the biggest gathering in the history of the city if not of the state. Charles F. Leach, treasurer of the committee making the arrangements, said the advice he received indicate that at least 15,000 strangers will be here. Of this number 2,000 will be delegates. Among the republicans of national reputation who will speak at the banquet are Gov. McKinley of Ohio, Gov. Hastings of Pennsylvania, Senator Lodge of Massachusetts, Senator Allison of Iowa, and Gen. Horace Porter of New York. Chauncey M. Depew is not expected, as he contemplates a trip to Europe about that time. Neither ex-President Harrison nor Thomas B. Reed will be here, although they have been urgently invited, the former being waited upon by a committee. Colorado will send a delegation to the convention. It will come on a special train to be known as the "Solid Silver" train.

## Li Hung Chang Returns to Peking.

Tokio, Japan, April 19.—The envoys of Japan and China who negotiated the treaty of peace, have left Shimonoseki, where the conference was held. Viceroy Li Hung Chang and Lord Liu, his son, who represented China, have gone with their retinue back to Peking to report the doings of the conference to the Emperor. Count Ito, the prime minister, and Viscount Mutsu, the foreign minister, who represented Japan, have gone to Hiroshima to report to the Mikado. Under the provisions of the treaty Japan retains extra territorial jurisdiction—that is, the right to try her own subjects arrested in China on charges of crime. On the other hand, China gives up the right to extra-territoriality in Japan. The indemnity of 300,000,000 taels, which China allows Japan, is to cover the latter's war expenses, to be paid in silver in six annual installments.

## Vanderbilt Union Is Credited.

New York, April 19.—Society people were greatly interested in the announcement of the probable early marriage of Mrs. Vanderbilt to O. H. P. Belmont. Clubmen say the alliance is certainly ill-advised, while in one prominent quarter it was said there was reason to believe that Mr. Belmont and Mrs. Vanderbilt were married Wednesday instead of Thursday. Private cables, it is said, were received from London which left no reason to question the fact that there has been a marriage. It is felt that the wedding follows too closely upon the heels of the divorce.

## Miners' Strike Probably Over.

Philadelphia, Pa., April 19.—President McBride, the head of the miners' organization, says the starting of the Wheeling division of the Baltimore & Ohio railroad at the 60 cent rate probably means the miners' strike in Pennsylvania is over. The agreement under which the miners in Indiana are working will expire a week from Tuesday. It is the understanding that the wages of each state will be fixed irrespective of any inter-state agreement.

## May Borrow Money.

Chicago, April 19.—Receiver McNulta of the whisky trust yesterday asked and received the authority of the court to borrow \$350,000 and also to renew at maturity a note for \$50,000. In his petition the receiver tells the court that for the next sixty days \$12,000 a day will be needed to conduct the business of the trust.

## Insurgents Burn a Town.

Kingston, Jamaica, April 19.—The latest arrivals here report the burning of the town of Las Palmas, Cuba, by the insurgents under Cebreco. Cuban refugees report the town of Bayamo is besieged by 500 men.

## TALK OVER ITS WORK.

Young Women's Christian Association Delegates Meet.

Pittsburg, Pa., April 19.—Chicago and the west are largely represented in the fifth annual international convention of the Young Women's Christian association, which begun yesterday, in the First Presbyterian church, and will last four days. Two hundred and fifty delegates are in attendance. The business of the convention will embrace the discussion of a variety of topics bearing on the work of the organization in the past and in the future. Aside from convention work a program of entertainment has been arranged that assures the visitors a delightful visit here. Mrs. J. V. Farwell of Chicago, the president, could not come on account of ill-health, and Ruth F. Morse of New York called the convention to order. The following officers for the year were elected: Mrs. Grace Whitney Evans of Detroit, president; Mrs. W. Messer of Chicago and Miss Mary B. Stewart of Detroit, vice-presidents; Flora Shank of Indiana, and Carolla Coddling of Wilkesbarre, Pa., secretaries.

The report showed a membership of 29,459, with an increase of thirty associations during the year. The expenditures were \$10,119 for last year and \$10,000 is asked for this year, with an additional \$25,000 to carry on the international work. Committee and officers' reports were heard yesterday and the evening's meeting was taken up with addresses and a reception to the delegates.

## WOES OF A MOTHER.

Strange Poisoning Story Told by Mrs. Adams Darling.

New York, April 19.—Mrs. Adams Darling, the Virginia poet, whose volume of southern war poems was recently published in this city, called last week upon District Attorney Fellows and made a startling charge against Mrs. Irving I. Darling, her dead son's wife. "They were married," she said, "in this city last year and shortly after removed to Detroit, where he met with a serious accident. Ultimately he fully recovered. Then, upon a second illness occurring, his wife called in a physician in Detroit. My son frequently told me that some one was poisoning him." It is learned that samples of the medicine taken by the dead man have been submitted to experts for analysis. Darling died in Detroit Feb. 13, 1894, and his body was cremated two days afterward. March 18 last, a little over a year after Darling's death, his widow married Dr. Francis Xavier Spranger of Detroit, who had been her husband's physician. The couple are now in California.

Detroit, Mich., April 19.—Dr. F. X. Spranger, Jr., is a well-known local physician about 30 years of age. He belongs to a highly respected and successful family of physicians.

## "SOUND" MONEY CONVENTION.

Anti-Silverites to Meet at Memphis, Tenn., May 22.

Washington, April 19.—President Cleveland's "sound" money letter is to be followed up by an assault against the center of the free silver lines which will antedate the Illinois convention. Arrangements have been perfected for the meeting at Memphis, Tenn., Thursday, May 23, of a "sound" money convention to be composed exclusively of delegates from the southern states. It is the belief of the men who are behind this movement that the southern people have been greatly misunderstood, even by their own representatives in congress, and that the silver money movement has not taken a real hold upon the southern people.

## Captured by Indians.

Pender, Neb., April 19.—Sheriff Mullin left for the Winnebago reservation yesterday to arrest the Indian police. The police got the best of him several miles from here and after handcuffing him marched him off to the agency to Capt. Beck, the agent. At 10:30 the sheriff returned to Pender. He had been taken before a justice and released on bail. He at once secured a posse of six men and started for the reservation, declaring his intention to arrest Agent Beck and all his special Indian police. It is believed the sheriff will be arrested again.

## Eastern New Jersey Forest Fires.

Egg Harbor, N. J., April 19.—The largest forest fire of the season is burning between this city and Pomenaria. A bucket brigade is trying to save property. Several hundred citizens who attempted to fight the fire were forced to retreat by the intense heat. A number of heifers became frightened and dashed through the dense pines. They were so severely burned they had to be killed. The loss thus far is estimated at \$14,000, but the fire is still raging.

## Tired of Looking Up Big Fortunes.

Massillon, O., April 19.—Upon his return home Anthony Howells, consul to Cardiff, Wales, says that some sort of an epidemic has secured foothold in this country which leads countless numbers of persons to write to him about supposed fabulous estates that have no existence. It keeps him too busy to answer such letters.

## May Have Been Murdered.

San Francisco, Cal., April 19.—The stories that Ella Forsythe, who disappeared April 5, had been seen in different parts of the state are discredited. She is considered a possible victim of the Emanuel Church murders.

## Will Appeal to the Courts.

San Francisco, Cal., April 19.—Fruit Exchange has protested against the decision of the New York board of general appraisers admitting all currants, save Zante product, free of duty. It is said the treasury will appeal to the courts from this decision.

## Canada's Parliament Opened.

Ottawa, Can., April 19.—Parliament was opened yesterday. In the governor-general's speech from the throne he told of correspondence with regard to the French treaty.

TWELVE MILLS FAIL  
IN THE NORTHWEST

## MINNESOTA AND NORTH DAKOTA FIRMS GO UNDER.

Milling Association Makes an Assignment With \$700,000 Assets and \$400,000 Liabilities—Denver Mutual Fire Insurance Company Assigns—Pennsylvania Woolen Factory Closes

Grand Forks, N. D., April 19.—The North Dakota Milling association of this city, owning and operating twelve flouring mills in North Dakota and northern Minnesota, made an assignment yesterday afternoon to William F. Honey of Park River, N. D., as assignee for North Dakota, and A. D. Stephens of Crookston, Minn., as assignee for Minnesota. The officers of the association are: President, Hugh Thompson, Crookston, Minn.; vice-president, John M. Turner, Grand Forks; secretary and treasurer, George F. Honey, Grand Forks. It is said the assignment was caused by an attachment levied upon the association for \$100,000 by the Mandan Roller Mill company, to secure the payment of a note given for that sum by the association, through General Manager Turner. Other debts amounting to \$26,000 are pressing, of which \$20,000 is open accounts and \$6,000 due the First National bank of Mandan. Approximately the assets are \$700,000; liabilities, \$400,000. This association is organized under the laws of New Jersey. It owns and operates mills at Mandan, Bismarck, Casselton, Mayville, Park River, Northwood, Minto, Milton and Grand Forks, N. D., and at Moorehead, Crookston and Fisher, Minn. The attachment filed yesterday and mismanagement are causes of the assignment. The assignee will continue the general offices in this city until the affairs of the association are closed up.

## INSURANCE COMPANY ASSIGNS.

Assets Are Small—Risks Outstanding Amount to About \$200,000.

Denver, Col., April 19.—The American Mutual Fire association of Denver made an assignment yesterday naming its secretary, S. S. Griswold, as assignee. No statement was filed. The secretary estimates the assets at \$3,000, on which he does not expect to realize \$1,000. Risks outstanding are thought to be about \$200,000. The company was organized in 1893, but the losses in 1894, amounting to \$5,000, crippled the finances and when the commissioner refused to issue a certificate there was a rush made to secure the return of premiums and no new business was attempted. The directors realizing that they could do nothing further.

## Economy Woolen Mills Go Under.

Philadelphia, Pa., April 19.—Sevill, Schofield & Co., proprietors of the Economy woolen mills at Manayunk, made an assignment yesterday and gave a judgment, \$437,188, to James Dobson, as trustee. The failure is for about \$350,000. This is the second time within three years that the firm has been in difficulty. About 1,200 persons are thrown out of employment by the failure.

## Supposedly Rich Man Fails.

Canal Fulton, O., April 19.—C. W. Robinson, a supposedly very rich man, assigned yesterday. Assets, \$60,000; liabilities, \$120,000.

## Small Assignment at Elmore, Ind.

Elmore, Ind., April 19.—J. H. Crim, proprietor of the New York store, assigned yesterday to M. N. Moore. Assets, \$30,000; liabilities, \$25,000.

## MINERS FIGHT.

Striking Tennessee Men Pursue Imported Ohioans Into the Mountains.

Knoxville, Tenn., April 19.—A riot occurred at Coal Creek mines yesterday in which shots were exchanged, resulting in the killing of Hendricks, a Tennessee miner, and the fatal wounding of Charles Morgan, an Ohioan, from Cleveland. The trouble originated from the introduction of electrical labor-saving machinery in mining from Ohio, which was obtained with a cost of \$50,000. A superintendent was brought from Ohio with him fifteen Ohio miners, all of whom were given good places. The natives called the Ohioans "foreigners" and demanded their removal. The superintendent refused. Thereupon 400 of them struck and quit work. Yesterday a clash came, in which arms were used with the result named. But that did not end the matter. Forty armed Tennessee men have gone in pursuit, threatening to lynch the whole lot. The county authorities have been called on, but will not act unless they hear of further violence. The Royal Coal and Coke company is a heavy loser in consequence of this trouble.

## Carson Mint to Be Discontinued.

Washington, April 19.—Mr. Preston, director of the mint, yesterday ordered the \$500,000 in gold bullion and 150,000 ounces of silver now in the United States mint at Carson City, Nev., shipped at once to the mint at San Francisco. The inference is that the Carson mint will be dismantled and its machinery shipped to Denver for use in the new coinage mint to be established there.

## Peace Union Celebrates.

Philadelphia, Pa., April 19.—The Universal Peace union celebrated "Peace day in America" yesterday. Resolutions were adopted that the 18th day of April be regarded as an annual Peace day for America and that greetings be sent to other republics.

## University of Michigan, 22; De Pauw, 6.

Greencastle, Ind., April 19.—The University of Michigan defeated De Pauw in baseball yesterday. De Pauw was outplayed at all points. Score was 22 to 6.

A WAUPACA STORE  
GOES UP IN SMOKEMAN WAS SEEN RUNNING  
AWAY FROM THE BLAZE.

Therefore Incendiarism Is Suspected—Fire That Will Cause a Loss of \$500,000 or More Broke Out In Philadelphia Early This Morning—Amount of Insurance Unknown.

Waupaca, April 19.—Myer's store building was partly destroyed by fire last night. A man was seen running from the building but escaped. The loss was about \$2000.

Philadelphia, Pa., April 19.—The building No. 210 North Front street was discovered to be on fire at 1:20 o'clock this morning and the flames spread to seven dwelling houses in the rear, all of which were destroyed. The fire then extended to No. 218, occupied by William J. Dreydople, soap manufacturer, and another at No. 204, occupied by M. R. Roche, tea merchant.

The rear portion of Dreydople's soap factory was completely burned. Here the firemen succeeded in confining the flames. At 2:45 o'clock the fire was practically under control. Three firemen were buried under falling walls, but they were quickly dug out and hurried to the hospital, where it was found they were badly hurt.

Conservative estimates place the loss at \$500,000. The amount of insurance could not be learned.

## BASEBALL SEASON OPENS.

First Game of the Season Played Yesterday—The Results.

The National league baseball season of 1895 opened yesterday. The winning teams were the Chicago over the St. Louis Browns, the Philadelphia over the champion Baltimore, the Brooklyn over the New York Giants, the Cincinnati over the Cleveland, and the tail-end Louisville over the Pittsburgh. The Boston and Washingtons did not play. Their initial game will be at Boston to-day. The attendance at all the games was unusually large. In several cities the mayors made speeches. Following are the scores of the games played:

At St. Louis—	0	1	0	0	3	0	2	—7
Chicago.....	1	0	2	0	4	0	0	—10
At Louisville—	0	0	0	0	2	6	0	—11
Pittsburg.....	0	1	0	0	1	0	0	—2
At Baltimore—	0	0	0	0	0	0	2	—5
Philadelphia.....	0	0	1	5	0	0	0	—6
At Cincinnati—	1	0	1	3	0	1	4	—10
Cincinnati.....	1	0	0	0	3	1	3	—19
At New York—	2	0	1	0	0	0	3	—7
Brooklyn.....	0	0	0	0	0	2	0	—2

## NOT TO ARBITRATE.

Great Britain Rejects Nicaragua's Counter Proposition.

London, April 19.—The following reply was sent yesterday by the British government to Nicaragua's answer to Britain's ultimatum:

London, April 19.—To the foreign minister of Nicaragua at Managua: I have had the honor to receive your excellency's telegram of the 11th inst. My note was delivered to Senor Barrios on the 26th of February with the request that a copy be forwarded to your excellency by the mail of March 22. Her majesty's government cannot be responsible for the delay in your receiving it.

Your counter proposal has been considered and I regret it cannot be accepted. Her majesty's government cannot admit there is any doubt as to the rights of the British subjects and must adhere to the demand in my previous note. KIMBERLY.

## Kills Detroit Street Railway Bill.

Lansing, Mich., April 19.—The house devoted yesterday to arguments on the bill granting the new Detroit Street railway the right to use the Citizens' company's tracks with the half-mile limit. The bill failed by a vote of 51 to 40, and by a tie vote a motion to reconsider was lost, thus in the opinion of a majority, burying it beyond resurrection. The liquor traffic committee has endeavored to secure relief for the retail dealers by favorably reporting bill passed by the house. The report leaves the tax at \$500, but makes it optional with the councils of cities and villages to say whether saloons shall be opened or closed New Year's, Washington's birthday, Fourth of July, and Labor Day. The substitute also makes the year begin July 1.

## Judge Declares the Trial Off.

Lancaster, Pa., April 19.—The trial of E. K. Smith, the 80-year-old banker of Columbia, on the charge of embezzling \$32,500 was postponed yesterday. One of his attorneys moved that the panel of jurors be quashed on the ground that it had been illegally drawn. On a showing Judge Brubaker regarded the point well taken and declared the trial off.

## Campos Offers Rebels Pardon.

Havana, April 19.—Capt. Gen. Campos issued from Santiago de Cuba a proclamation offering pardon to all insurgents who will lay down their arms and surrender. He has made preparations to immediately pursue the members of the bands who refuse to come in under the proclamation, and the warfare against them will be waged vigorously.

## Would Not Reconsider.

Salt Lake, Utah, April 19.—In the constitutional convention the equal suffrage question came up on a motion to reconsider and was laid on the table by a vote of 69 to 32.

A RICH MAN KILLED  
VERY LITTLE WORK  
DONE AT MADISON

Gun Accidentally Discharged While Out Hunting.

Kewaunee, April, 19.—William St. Peter, a wealthy farmer, was accidentally shot and killed yesterday. He was climbing a fence in the woods when his rifle was accidentally discharged.

## FIVE FIREMEN HURT

Injured While Working at a Philadelphia Blaze.

Philadelphia, April 19.—Five firemen were injured while fighting a fire at the New York Biscuit Works here this morning.

## WILDE AND TAYLOR IN COURT

Both Are Remanded to Jail Without Bonds By the Court.

London, April 19.—Wilde and Taylor were arraigned in court this morning and both were remanded to jail without bail.

## JAMES W. SCOTT BURIED.

Solemn Services Over the Dead Editor at Chicago Yesterday.

Chicago, April 19.—With imposing and formal ceremonies the funeral rites were performed over the remains of James W. Scott at St. James' Episcopal church yesterday. The great edifice was packed to the doors with representatives from every station of life. From the eminent business and professional men to the composers who had worked on the papers of the deceased publisher, every interest with which he had been associated in life sent some of its workers to pay respect to the deceased. The old home of the editor did not forget that one of her prominent sons had passed away and many Galena citizens came to honor him who had reflected credit on their town.

The Rev. Stiles conducted the regular episcopal service over the dead and the Rev. Frank Gunsaulus delivered the funeral sermon. At the conclusion of the church service the funeral procession proceeded to Graceland cemetery, where the body was given a private burial.

## CONFLICTING WAR TALES.

One Courier Has It That Three Men Lost Life in Battle.

Guthrie, Ok., April 19.—There are so many conflicting stories brought by couriers from Tishomingo that it is difficult to ascertain the truth of the alleged Indian revolution. John Grayson, a trader, brings information of a bloody battle in which three men were shot dead and five wounded. Another story is to the effect that the full-blood Indians have been persuaded to take up arms against the government by the insurgents. Filled with firewater, the Indians are scouring the country, ransacking the homes of the quiet farmers, committing outrages, and otherwise terrorizing the whole nation. Gov. Moseley remains at Tishomingo and is arming hundreds of men who are rushing to the town to put down the rebellion. McGill, one of the insurgents, is an old scout and was connected with the Redpath revolution in the northwest.

## Crazed by Father's Act.

Kansas City, Mo., April 19.—A. L. Sharpe, a well-known local capitalist, while enroute to St. Louis, was seized with a violent fit last evening and had to be removed from the train. His condition is serious. It was Mr. Sharpe's daughter who, ten days ago, eloped with her Chinese pupil, a laundryman. Worry over his daughter's act doubtless caused the father's sad affliction.

## Schleier Shot to Kill.

Ida Grove, Iowa, April 19.—This morning A. Schleier, one of the wealthiest and best-known citizens of this place, shot his wife, then himself. Schleier is dead and Mrs. Schleier cannot live. Several things indicate that he had for several days been planning the tragedy.

## Entire Town Burned.

London, April 19.—The town of Tayti, on one of the Philippine islands, has been destroyed by fire. Two thousand houses were consumed. One life was lost.

THE ASSEMBLYMEN HAD A GAY  
TIME TODAY.

The Senators Didn't Play But Adjourned—Chief Clerk Nowell Given a Gold Cane and Speaker Burroughs a Handsome Onyx Gavel With Bands of Gold.

Madison, April 19.—Chief Clerk W. A. Nowell of the assembly was presented with a gold headed cane this morning and Speaker Burroughs was presented with an elegant onyx gavel with gold bands. The speaker announced as the members of the apportionment committee, Messrs. Lamberston, Treat, Anson Yawkey, Conway and Shellenberg.

Little business was done today. The assemblymen enjoyed themselves by offering humorous resolutions and making grandiloquent speeches. The senators did not lose their dignity but adjourned.

## ILLINOIS LEGISLATURE.

Chicago Home for Juvenile Offenders Condemned.

Springfield, Ill., April 19.—Chairman Perrotet of the house committee to visit penal and reformatory institutions handed in yesterday a report of that committee in regard to the investigation it had been conducting as to the condition of the State Home for Juvenile Female Offenders at Chicago. The report is a long one and condemns the management in severe terms. A minority report signed by Messrs. McConnell and Briscoe was handed in, and both reports were referred to the committee on appropriations. The signers of the minority report believed that troubles at the institutions were due to a lack of harmony among members of the board of managers.

The committee on judiciary handed in a report on Mr. Snyder's bill compelling all companies and corporations to pay their employees weekly, with a recommendation that it do not pass. Mr. Snyder moved to non-concur, the motion prevailed and the bill was ordered to second reading. The house then adjourned.

The senate went into executive session after the reading of the Journal on motion of Senator Craig, and the nominations for trustee of the Southern Illinois Normal, members of the State Board of Education and trustee of the Illinois Soldiers Orphans' Home sent to the senate by the governor several weeks ago, were confirmed. The nominations for trustees of the Illinois Industrial Home for the Blind were passed over on account of the charges made against the management of that institution and pending their investigation. The report of the election committee on the contested election case of Wilson against Senator McKinley, which recommended that Senator McKinley be allowed to retain his seat, was submitted by Chairman Anthony and unanimously adopted.

Chairman Moore made the report of committee on waterways and drainage favorably upon valley people's substitute to Humphrey's drainage district bill and adversely on Humphrey's bill. Senator Humphrey stated that both drainage and valley factions had agreed to allow these two bills to go on the calendar on second reading in order that they might have an equal chance, and on his motion the senate non-concurred in adverse report of the committee.

Senator Humphrey then moved to make the bills a special order for next Tuesday at 11:30 o'clock. After some further discussion the revenue bill, which was a special order, was taken up.

At the conclusion of the consideration of the revenue bill, the rules were suspended on motion of Senator Humphrey, and his drainage district appraisal bill and the bill urged by the valley interests were made a special order for next Wednesday at 11 o'clock on a second reading.

The Little revenue bill came up at 11 o'clock on a special order. It aroused much discussion, but further consideration of the bill was made a special order for next Thursday.

Senator Green's bill revising insurance laws was called up on second reading. He had a bulky lot of amendments and moved that they be printed and that the consideration of the bill be made a special order for next Thursday, which carried. Senator Crawford's bill to pension retired school teachers was reported favorably by the committee on education, and made a special order for tomorrow.

As the pending question Senator Bogardus' motion to suspend rules for the purpose of taking up insurance bill providing for treatment of drunkards, came up on second reading. The motion to suspend rules was lost by a vote of 2 yeas to 7 nays.

The bill providing for the organization of park districts and transfer of submerged lands was advanced to its third reading. The senate then adjourned.

## Eastern Triple Alliance.

Berlin, April 19.—A dispatch received from Tokio says the mikado has expressed the desire to pay a personal visit to the emperor of China at Peking in order to discuss with the latter the question of an offensive and defensive alliance, into which it is proposed to invite Siam to enter.

## Howgate Again Arraigned.

Washington, April 19.—Capt. Howgate was again arraigned yesterday on

MAYOR BAINES READ  
HIS FIRST MESSAGEMANY SUGGESTIONS MADE TO  
THE COUNCIL.

Some of Them are Good, Some are Bad and Some Indifferent—All Parts of the City Government Touched Upon—Full Text of the Document—Committees Named.

Mayor Baines read his first message to the council last evening. In it he made many suggestions, the document being as follows:

GENTLEMEN OF THE COUNCIL:—In commencing my term of office as mayor of this city, I desire briefly to submit to you the following suggestions as to the government of the city for the coming year:

Under our special charter, we are limited to certain specified sums of money, with which to meet the expenses of carrying on the city government; as the charter now stands, should the city double its population, and increase the taxable property ten fold, we would be powerless, whatever the necessities of the city might be, to raise the necessary means of meeting its expenses, if they should exceed the sums fixed by the special charter. In this particular, the city of Janesville stands alone among the municipalities of the state; all other cities having the power to raise money by taxation, based upon certain percentages of the assessed valuation of property. By the terms of what is commonly called the "General Charter Law," cities are allowed to raise each year for municipal purposes, together with the sums required for state, county and school purposes, and for delinquent taxes for the preceding year, a sum not to exceed three per cent of the assessed valuation of real and personal property in the city for that year. Heretofore, the city of Janesville has been powerless to obtain any relief from the adoption of any part of the general charter. By amendments to that law, passed this winter, the obstacles to the adoption of that part of the general charter have been removed, and the city can now adopt such portion of it as is needed to give us relief in this respect, in lieu of chapter 6 of our special charter. We can not go on year after year, borrowing money upon the mayor's notes with which to eke out the necessary expenses of the city government; but should at once secure the necessary change in the special charter by which we can raise by taxation such sums as the city's needs demand, consistent with a careful and economical administration of public affairs. I would therefore, recommend that the council adopt the provisions of the general charter law relative to the amount to be raised by taxation.

## Clerk Should Keep Tab on Treasurer

A year ago the city was put to a great expense in having an examination made of the books of the outgoing treasurer. Such expense could be avoided in the future, by having the city clerk keep a set of books that would serve as a check against the books and funds of the city treasurer. I would recommend that the clerk be directed to keep such books and would further recommend that the city treasurer's books be examined at the end of each year by an expert accountant to be employed by the council.

## Police Force.

The city police force now consists of the city marshal and two patrolmen, together with two special police doing night duty. While this force may seem small it is not to be questioned that the city has been well protected, and has been remarkably free from crime and street disturbance. In my judgment, the two special police doing night duty should be dropped from the pay roll, and one patrolman assigned to duty during the night. And I recommend that the police, when on duty, be required to wear the prescribed uniforms.

## Saloon Licenses.

At the special election held last September the city voted to fix the sum to be charged for saloon license at \$500. An action was brought last fall by James Ennis to test the validity of this election. Upon hearing of the case before Judge Bennett, the validity of the election was sustained, and upon appeal to the supreme court Judge Bennett's judgment in the case was affirmed. So for the next three years, at least, the sum to be charged will be \$500 for each saloon license.

There has been but little complaint in regard to the conduct of the saloons during the past year, and men engaged in the traffic have evidenced a disposition to observe the ordinances of the city. In granting licenses for the coming year, the council should withhold the privilege from any whom they have reason to believe are not disposed to carry on their business in a decent and lawful manner. The city ordinances in relation to the sale of intoxicating liquors are well understood by the members of the council as well as the city police, and I shall expect them to see that they are properly enforced.

## Our Public Schools.

The attendance at our public schools is constantly increasing, and with increased attendance and school facilities there must necessarily be increased expense. You will doubtless be called upon this year to appropriate a larger sum for the management of the schools than you have heretofore done. The board of education will submit to you its estimates for the coming year, and in passing upon them you will bear in mind that no wiser disposition of public money is

made than that which is devoted to the maintenance of the public school system.

The new high school building is now nearing completion. The building will be a credit to the city and will compare well with buildings for such purpose in any part of the state.

## Public Library.

The public library is steadily increasing in size and usefulness. The number of volumes now in circulation is about nine thousand; the number annually drawn ranges from 30,000 to 40,000 and the library has become an educational feature of the city, second in importance to the public schools. The amount appropriated for the support of the library is small, but so far has been ample for its requirements.

## City Should Own Water Works.

In the litigation which is now pending between the city and the Janesville water company to determine the original cost of the water works, the company has filed, under the stipulation entered into, a statement of what purports to be the cost of the works. This statement has been referred to a special committee, in whose hands the matter now is. The examination of this matter will necessarily consume much time. Having embarked on this litigation the city must see it to its end, and nothing must be left undone that would aid us in establishing to our satisfaction the actual cost of these works. I believe it to be the sentiment of the people that the city should own the works. Upon the determination of the question of cost, whether through the means of the existing stipulation or by the judgment of the court the question of the city ownership can be passed upon if the limitations within which the city can be bonded then warrant a purchase.

## Street Lighting.

The city's contract with the Globe Light and Heat company for lighting portions of the city with oil lamps will expire on the first of next September. The money now expended for oil lamps will then provide thirty-six additional electric lights. With the addition of a few more lights and a small increase in the fund of this department the city can be well lighted. The introduction of the electric light upon our street is, I am satisfied, a matter of general satisfaction and has been a great benefit to the city, and with the addition I have suggested the city will be as well lighted as any in the state.

## Fire Department.

A great deal of money can be saved in the management of the fire department. We have now, as you are all well aware, an enormous piece of machinery known as the "aerial ladder." The buildings in this city upon which such a ladder might be used are very few and are all located in the immediate center of the city. Yet we see this monstrous piece of machinery dragged out to a fire and given as much importance to a burning barn as it would if the whole business section of the city were blazing. The expense of maintaining this ladder for one year, that so far, in many years has been of no use to us, would put stand pipes and fire escapes upon every block of three story buildings in the city, and we could better afford to put stand pipes and fire escapes upon all such buildings than to continue paying out money upon this machine. If it cannot be disposed of it should be stored away. About a year ago the city bought a new team of horses for the west side engine house. The old team is still kept up at the expense of the city and we have no use for them. In my judgment one team should be sold, the ladder should be removed from the engine house and the wagon now standing in the shed with our new and best horse should be put in its place. This would provide the city with three horse wagons, two of which are all that is needed for an ordinary fire, and one could be kept in reserve in case of a second alarm.

In this connection I would recommend that room be provided at the west side fire station for the stabling of the city marshal's horse. By caring for the same at the fire station a saving of \$100 to \$150 per year can be made to the city. The annual appropriation for the fire department is \$7000. It also receives \$4,500 of the license money, making \$11,500, and yet we find the fund of this department constantly running behind. In the past year the city has been obliged to borrow \$2,000 for its use. Besides this there is about \$1,100 in outstanding bills now to be paid out of this fund and only about enough money in to pay April salaries. There will be no resources for this fund until we get the license money July 1, and between now and that time about \$3,500 will have to be borrowed for it. While the schools of the city have grown and have necessarily become more of an expense, you must bear in mind that the fire department has not been enlarged, and that there is no reason for this growth in the expense of its management.

The efficiency of the fire department cannot be questioned but in my judgment it could be managed with much more economy.

## Streets and Bridges.

In criticizing the manner in which we make our streets I am but reiterating the statements made year after year by my predecessors. We are annually paying out large sums of money to place sand and gravel upon them in the spring to be hauled away in the fall. The whole system to my mind is bad and ruinously extravagant. We are paying annually upon our streets about \$12,000 and we have nothing to show for it but a few block crosswalks. We should have a crusher by which suitable material for street dressing could be made, and with a roller the work upon them

W. P. Clarke Finds \$110 That Had Been Well Hidden—Keech-Brotherton Replevin Case Is Ended—Many Fulton People Have the Grip—Other County News.

MILTON, April 19.—The chairman of the board of supervisors wishes us to state that he will neither feed nor lodge tramps and it is useless for citizens to send them to him. Persons who may be troubled by these beggars are requested to report them to the police officers, whose duty it is to arrest them and bring them before the justices, who upon conviction will consign them to the Hotel de Appleby at the county seat. W. P. Clarke is in luck. On Tuesday the house cleaning epidemic attacked his residence and his wife and daughter brought to light from the leaves of an old magazine, one hundred and ten dollars which he had deposited there for safe keeping during his post office career. C. A. Davis of the Journal, was married Wednesday to Miss Alice Nelson of Dell Rapids, S. D. His friends here extend their congratulations. Soverhill & Porter have been busily at work this week shipping to New York the well packed of '93 tobacco stored here. There was between eight and nine hundred cases to be handled. The board of supervisors have decided not to grant permits to druggists this year. Rev. George R. Chambers who has been called to the pastorate of the Congregational church will preach tomorrow morning and evening. John W. Grier of Milwaukee, a former resident here, who now has charge of Uhlén Bros. stable of horses was a visitor at D. Williams Tuesday. He expects to work his horses on the Janesville track this season. Vincent & Hassenger are buying live stock here. They shipped a car this week. Professor A. B. Crandall left for Kentucky Wednesday, to resume his zoological work in the mountains of that state. Mrs. Roof and Miss Elizabeth Flaville, of Janesville, were the guests of Miss M. A. Flaville on Wednesday. Mr. Lyman, of Oconomowoc, who is a clerk in the assembly, was the guest of Rev. C. E. Carpenter this week. A. D. Burdick is painting C. R. Rice's house, and O. G. Gifford is doing a similar job for Mrs. P. E. Seaver. Miss Hannah Hughes, of Milwaukee, is visiting Mrs. R. Richardson. C. E. Perry is riding a new "Road King" bicycle. W. P. Clarke is contemplating some important improvements in his drugstore building. He will take out the old front and put in a modern one, extending out to the walk, put on a steel ceiling, lay new floor, and paint the interior of the building. The somewhat famous replevin suit of Keech vs Brotherton, which was begun on the 8th inst, adjourned to the 10th, was finally fought to a finish last Monday, but judgment was not rendered until Thursday, when Justice Clarke decided for Brotherton, giving him a non suit. Page of Whitewater, appeared for Keech and Goodrich for Brotherton. The value of the property at stake was about \$10. The King's sons social and entertainment, at college chapel, on Wednesday evening, was well patronized, and those who took part in the exercises did themselves credit and pleased the audience.

## SOCIETY EVENTS AT AFTON

Pleasant Reception Given For Mr. and Mrs. John A. Cowlin.

AFTON, April 19.—A very pleasant reception was that given by Mr. and Mrs. A. S. Waite last Thursday evening, in honor of their son William and bride, who arrived last Friday from St. Paul. During the evening an impromptu programme, consisting of recitations and music was rendered. One interesting feature was the presence of a second bride couple, who had only a few hours previous, been united in the bonds of matrimony. John A. Cowlin of Woodstock, Ill., and Miss Beatrice E. Wilkins of Chicago, came at noon, Tuesday, and in company with Mr. and Mrs. W. G. Waite, went to Janesville, where Rev. H. A. Palmer made them husband and wife. Among the guests were:

Messrs and Mesdames—J. B. Humphrey, G. R. Charles, J. A. Cowlin, Mesdames, George McCrea, W. E. Kilmer.

Misses—Hattie N. Otis, Myrtle M. Eldredge, Grace Rathern, Ruby Blanchard, May Starr and May Humphrey.

Messrs—Frank P. Starr, W. M. Lawton, J. F. Bolte, Leonard McGee, W. M. Kleber, Guy Chapman and U. G. Waite.

## THE WEEK'S NEWS AT FULTON.

Many Are Sick with the Grip—School Is Open Again.

FULTON, April 19.—Mrs. W. H. Pease is on the improve. James Clough has been quite sick with the grip. Mrs. Hattie Brown is able to be out again after a severe attack of grip. Aaron Wallace does not improve as rapidly as his many friends would like to see him. More sickness prevails here now than for years, caused by the grip. There is scarcely a family but has one or more cases and some are quite sick. Herbie Jessup was over from Emerald Grove last Sunday. O. P. Murwin was in Evansville Monday. Mr. Brewer, of the Central house, Evansville, was in

town Tuesday. E. C. Tallard, of Edgerton, passed Easter with George Murwin and family. Mrs. Nellie Hill, of Janesville, is still caring for her mother. Mr. and Mrs. Fred Graves of Center, passed last Sunday with Oliver Murwin and family. Mrs. Mary Jessup and son Curt are in Janesville visiting relatives and friends. They are expected home some time this week. Walton Pyre is teaching school in Evansville, which many of his friends will be glad to hear. Mr. and Mrs. Seaman of Footville were visiting Mrs. Seaman's parents, Mr. and Mrs. Swader last Tuesday. School commenced last Monday with the usual number of scholars. Eddie Wallen was up from Janesville Tuesday, returning on Wednesday. Our band that was, has disbanded. Mrs. Sayer has returned from Janesville where she has been for the last two weeks. She has been sick while there. Mr. Rice and daughter Belle of Cookville, passed last Saturday with George Murwin and family. All were glad to see Mr. Rice who has been in such poor health this winter. John Noyes has returned to Janesville after a week's stay in town, he being called there to run the dynamo for Mr. Crawford who has been quite sick but is now better. The party Monday night was largely attended. It was given by the Porter choir.

## Fairfield News.

FAIRFIELD, April 19.—Dr. Horne of Whitewater, visited his daughter, Miss Annie at this place last Sunday. James Cowles and Reid Brockway are improving after a visit of la grippe. School opened last Monday with Miss Capen of Darien, as teacher. Mrs. James Cutter is spending a few weeks in Chicago, being called there by the illness of her daughter, Miss Elms. Rev. White preached here last Sunday for the first time since his recent illness. The Easter programme was well rendered, the children doing their best in all the parts.

HEDDLES HONORED  
BY THE COUNCILHE WAS MADE PRESIDENT OF  
THAT BODY.

Dr. James Gibson Elected Health Officer; D. W. Watt and Henry Hemming Assessors and The Gazette the Official Paper—Mayor Baines Given an Ivory Gavel—Proceedings.

President of the Council.....S. B. HEDDLES  
Health officer.....DR. JAMES GIBSON  
Assessor East Side.....D. W. WATT  
Assessor West Side.....H. HEMMING

Mayor Baines plied a handsome ivory gavel last evening when he called the new common council to order. The emblem of the presiding officer's authority was presented to the mayor just previous to taking the chair, by City Attorney McElroy on behalf of numerous friends. Mayor Baines was surprised, but recovered sufficiently to return his thanks. The gavel is of good size, with an ivory head and an ivory mounted handle. "Frank S. Baines, Mayor. Presented by His Friends," was the lettering on the token.

The roll call showed all the aldermen in their seats, as follows:

First ward—S. B. Heddles, Henry C. Stearns.

Second ward—O. Sutherland, S. C. Burnham.

Third ward—F. S. Winslow E. Ray Inman.

Fourth ward—W. J. Hemming, Fred Kothman.

Fifth ward—Ed. Smith, J. B. McLean.

Mayor Baines then read his annual message, which is printed elsewhere in The Gazette, and also announced the standing committees.

## Heddles Made President.

On motion of Alderman McLean, the rules governing the old council were adopted as the rules of the present council, Aldermen Heddles and Kothman being appointed tellers. The informal ballot resulted as follows:

S. B. Heddles.....5  
Ed. Smith.....4  
F. S. Winslow.....1

Total.....10

On motion of Alderman Smith the ballot was declared a formal vote, and Alderman Heddles was declared elected president of the council for the ensuing term.

On motion of Alderman Burnham the council proceeded to the election of health officer, with the following result:

Dr. James Gibson.....6  
Dr. O. P. Robinson.....4

Total.....10

On motion of Alderman Burnham the ballot was declared formal, Dr. James Gibson was declared elected, and the council proceeded to the election of assessors. Henry Hemming received 10 votes for assessor on the west side, and D. W. Watt received 10 votes on the east side, both being declared unanimously elected.

## Gazette Made Official Paper.

Alderman Burnham moved that the Janesville Daily Gazette be declared the official paper of the city for ensuing year. Alderman Smith, moved as an amendment, that the Daily Recorder be the official paper. The amendment was lost by a vote of 4 to 6. Ayes—Alderman Hemming, Kothman, McLean, Smith—4. Nays—Aldermen Burnham, Heddles, Inman, Stearns, Sutherland, Winslow—6, and the original motion was then adopted, all voting "aye."

On motion of Alderman McLean, Patrick Riley was elected janitor of the council chamber. Alderman McLean moved that the first regular meeting of the council be held on Monday evening, April 23, and that thereafter the regular meeting be on alternate Monday evenings. Adopted.

Alderman McLean presented an order, which was adopted, directing the street commissioner to inspect the bridges, streets and sidewalks and report the conditions to the council, with his recommendations, after which he introduced an order directing the street commissioner to repair Jackson street, between Dodge and Pleasant, which was adopted and the council adjourned.

Our patrons will find DeWitt's Little Early Risers a safe and reliable remedy for constipation, dyspepsia and liver complaints. C. D. Stevens.

## WELCOME WORDS TO WOMEN.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another with pain here or there, and in this way they all present to their easy-going doctor, separate diseases, for which he prescribes, assuming them to be such, when, in reality, they are all only symptoms caused by some womb disorder. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pierce's Favorite Prescription, directed to the cause would have promptly cured the disease.

Mrs. HARRY TAPPAN, of Reynolds, Jefferson Co., Neb., writes: "For two years I was a sufferer. A part of this time had to be carried from my bed. Was racked with pain, had hysteria, was very nervous, no appetite and completely discouraged. A few bottles of 'Favorite Prescription' effected a perfect cure." Sold by all dealers in medicines.

(Continued from Page 2.)

could be made permanent in its nature. Instead of the streets such as we now have we could in a few years, and at a small expense, have durable, smooth highways, that once made would call for but small annual expenditure thereafter. And in this connection I would recommend the adoption of those parts of the general charter law providing means for street improvement, believing the system to be better than that of our special charter.

The sidewalks this spring are in bad condition in many parts of the city. Members of the council must bear in mind that knowledge upon their part or upon the part of the mayor, of defects of streets or sidewalks, charges the city with notice; and wherever a member knows of a broken or dangerous walk, he should lose no time in seeing that necessary steps are taken to correct the evil. This matter must not be left solely to the street commissioner. Under the charter the street commissioner must inspect all sidewalks and report to the council in ten days from the time he goes into office, what, in his judgment are defective, and need repairs or rebuilding. This duty of the street commissioner has been systematically neglected in past years, but it is a duty that should be performed. The danger to pedestrians from a broken walk or in a defective street is a serious one, and the danger to the city on being called upon for damages is not to be overlooked. This duty to see that our walks and streets are safe is one that must not be lightly regarded. There are now four actions pending in court for damages to individuals by broken sidewalks. The city has suffered much by litigation of this kind. Property owners should be compelled to put their sidewalks in order and the city saved from the burden of the costs and damages that in the past has been a serious one.

The former council was offered the ownership of the Jackson street bridge. As this is a bridge that cost the citizens several thousand dollars, the proposition should be acted upon at once.

The Milwaukee street bridge is in a dangerous condition. The street commissioner has put some new planks over the block paving to prevent any accident. This should be repaired at once if possible, or a new bridge put in its place.

### General Charter.

I especially desire that members of the council become familiar with the provisions of what is known as the general charter law. While it may not be deemed advisable to adopt this charter as a whole, many parts of it, I am satisfied, may be adopted with great advantage to us, instead of or in addition to the present charter under which our city government exists. I especially refer to section 156, providing that the common council may borrow money as needed for city expenses; and also sections 127 and 128 and 129, relative to deposits of money in bank, and contracts for interest thereon. Under our present charter no contract for interest can be made and much money is annually lost to the city in the way of interest that could be collected if these conditions of the general charter were incorporated into our special charter. Many amendments have been made to the general law this winter. When these amendments are before us so we can see what changes have been made, I shall ask this council to take up this matter of incorporating desirable features of the general law into our special city charter.

### Mummy Wheat.

The belief in the vitality of mummy wheat is so persistent that it probably will not be overturned by the result of careful tests on Lord Winchelsea's farm. Every visitor to Egypt is besought by the Arabs to buy wheat which is declared to be a veritable portion of the grain Joseph stored in Pharaoh's granaries, but which are really gathered in the nearest wheatfield. The Arabs have even been impudent enough to offer Indian corn, which is of American origin, to credulous tourists as "from a mummy." A few months ago Lord Sheffield, on his return from Egypt, gave Lord Winchelsea a handful of wheat which he had himself taken from a sarcophagus containing a mummy. A hundred of these grains were carefully planted under a glass frame. After some weeks it was discovered that the seeds had rotted away. —Philadelphia Ledger

### FOR SALE

## A Model Milling Plant.

The recent death of the owner makes the sale of this plant necessary. It consists of a flouring mill, packing-storage house and two elevators. The mill is 60x60 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage-packing house is 30x120 feet two stories. The elevators each have a capacity of 30,000 and 50,000 bushels. A branch railway track runs between the mill and packing-storage house. This plant was ALL remodeled and made new in 1894. The business of this plant has paid the owner, up to his death, from \$8,000 to \$20,000 per year. This plant cost over \$30,000 and is the finest one in the northwest. It is run by water power and situated in Janesville, Wis., except the large elevator which is at Lake Preston, S. D. There is no encumbrance and it will be sold upon easy terms or can be exchanged for first-class real estate.

## THIS DAY IN HISTORY

1560—Philip Melancthon, coadjutor of Luther, died; born 1497.  
 1721—Roger Sherman, "signer" for Connecticut, born at Newtown, Mass.; died 1793 in New Haven.  
 1775—Beginning of American Revolution; battles at Lexington and Concord.  
 1813—Benjamin Rush, "signer" for Pennsylvania, died in Philadelphia; born 1746.  
 1824—Lord Byron died at Missolonghi, Greece; born in London 1788. Lord Byron proved to be a hero in practical affairs, contrary to expectations. Though irritable on trifling occasions, the poet and man of pleasure became a lion in the presence of danger. While prostrate from a convulsive attack incurred in the Grecian campaign a band of Suliotes whom he had engaged to fight under his banner mutilated and burst into his tent, demanding their pay and brandishing their arms. Byron remained cool and by sheer courage averted them into submission. His death was due to exposure during the siege of Lepanto.  
 1892—The Cheyenne and Arapahoe Indian reservation near Oklahoma opened for settlement.

## SEE MAYOR'S MESSAGE.

No one will question the sincerity of Mayor Baines in the recommendations made to the new council; yet it is very apparent that he is not thoroughly informed on some measures.

Economy is a good thing to cultivate, and yet too much economy in public affairs is often expensive. The Janesville fire department is recognized throughout the northwest, as one of the best equipped and most efficient in the service. The aerial ladder, which has been so frequently burlesqued, and which is only called out in the limits of the business district, is considered a valuable adjunct by insurance companies and by business men generally. There is a reasonable prospect that the twenty per cent added to insurance rate two years ago will be taken off, thereby saving the citizens \$8,000 in premiums. If the fire department is crippled in any way, this will not be done. The fact should also be considered that merchants and property owners in Janesville largely insure their own property. They pursue this policy because of the excellent equipment and service of the fire department which is largely due to the excellent management of the chief engineer. Before any radical changes are made in the way of economic measures, the sentiment of the business community should be pretty thoroughly tested.

On the water works question the city has an opportunity, through its council, of verifying or rejecting the statement of cost recently presented by the water company. By the aid of the city attorney who is competent, and elected for that purpose, the committee should be able, within a reasonable time, and without heavy expense, to determine as to the correctness of the statement. The matter of city ownership is a question for public sentiment to determine.

The question of lights is also a debatable question. That electric lights are a good advertisement for the city, every one admits. That the city will be as thoroughly lighted at an expense of \$10,000 a year by electricity, when the oil lamps are abolished and necessary additions made as it was with oil and gas at about half that amount, is not so clear.

There are two ways to light the city, one by a line of two hundred electric lights, and the other by grouping half that number in the business district, and supplying the residences portion with gas and oil. Both are good but the latter is by far the most economical.

The mayor's recommendations on the public library, the schools and other subjects of public interest are practical, and will be endorsed by all good citizens.

## Low Rate Excursion To The West.

## QUEEN'S PRIVATE SECRETARY.

He Is Nothing More than a Mere Stockbroker's Son.

Sir Fleetwood Isham Edwards is the only member of the higher entourage of the queen who is a bourgeois pure and simple. As a rule, Victoria's confidential advisers are of aristocratic or distinguished military connections. Sir Fleetwood was the son of a stockbroker, who lived and died and was buried at Harrow, where some five and thirty years ago he had three sons in the school belonging to the then somewhat slighted body of Home Boarders. He entered under Dr. Vaughan, and left under Dr. Vaughan in 1855, and obtained a commission in the Engineers in 1862. It was at the Berlin congress—he was attached to the special embassy—that he gained the favor of that best of judges of men, the earl of Beaconsfield. Through him he was brought to the queen's notice, and in the year of the congress, 1878, he became assistant private secretary and keeper of the privy purse. Since then he has gone on from honor to honor. The pink of perfection, always well dressed and well demeaned, he has about him something of the martinet, which seems all inseparable from the successful sapper, and is not unwelcome to the highest quarters of the realm. He has a brother, also a soldier-secretary, Col. C. C. Edwards, private secretary to Earl Fitzwilliam.

## PET CAT CHEWED A SMALL BOY'S ARM

### THE VICIOUS FELINE MET DEATH SOON AFTER.

Dr. J. D. Hughes Applied Remedies To Counteract Any Poison and the Child Will Get Well—E. D. Miller Buys a Fine Horse—Stopped a Runaway—Other Town News.

There was considerable excitement in the home of Mr. and Mrs. Feeley, on Madison street, this morning, when the pet cat flew upon their little four-year-old son, setting its sharp teeth deep in the little fellow's arm. The boy screamed, and the mother quickly freed the boy, grabbing him up in her arms and placing him in a safe place dispatched the cat. Dr. J. D. Hughes was called and dressed the wounds. He found that the cat had made a terrible wound in the boy's right arm just above the wrist. Remedies to counteract any poison were applied, and it is thought that while the wound is quite extensive, nothing serious will result.

MILTON BARNEY distinguished himself this morning by catching a runaway. A span of mules started on South Main street, taking fright at the street cars. There was no one in the wagon and by the time they reached the Myers House corner they were going at a minute clip. Barney grabbed them and after being dragged around while they were finally stopped. No damage was done.

In placing before the trade our spring line of underwear, we promise you three things: First. That many lines are the best values in the city. Second. Every one of our lines is as good as any in this city. Third. That not one of our lines is poorer than other lines in the city. You will get your money's worth, sure. Bort, Bailey & Co.

MEMBERS of the I. M. C. club held their last meeting of the season last night at the home of Mr. and Mrs. Frank Field, North Jackson street. A tempting luncheon was served at 6 o'clock, the rest of the evening being devoted to whist. Mr. and Mrs. J. B. Dearborn carried off the honors.

## HARVEST OF DEATH FOR AN APRIL DAY

### THE SUDDEN DEMISE OF MISS MAGGIE MEEHAN.

She Had Been in The Best of Health. Apparently, But Was Called Without Warning While on a Visit To Beloit—George Terwilliger Called Home—Funeral of Mrs. Barrere.

While on a visit at the home of her brother, P. W. Meehan of Beloit, Miss Maggie Meehan was suddenly summoned to the home beyond, this morning. Miss Meehan, who lived with her mother at Footville, left that place, with her mother on Wednesday morning to visit at the Line City. She was apparently in the best of health and spirits and her demise at 7:30 this morning was a great shock to her many friends as she was very well known in this city. The intelligence of her untimely demise came to Daniel Ryan in the form of a telegram and Mr. Ryan went to Beloit on the first train. The funeral arrangements will be announced later.

Funeral of Mrs. Barrere. The remains of Mrs. Felix Barrere arrived here this morning from Kansas, and were taken to the home of her daughter, Mrs. C. A. Potter, 162 North High street. Funeral services conducted by Rev. W. H. Wotton were held in Trinity church at 4 o'clock this afternoon, attended by a large number of friends of the family. At the conclusion of the services at the church the remains were taken to Oak Hill for interment, the pall bearers being F. S. Lawrence, E. G. Harlow, Hiram Bump and John Fox. The remains of Mrs. Barrere were accompanied here from Kansas by her husband Felix Barrere, Miss Alice Barrere and Miss Alice Adams of Washington, D. C., and Mr. and Mrs. Henry Johnson of Newton, Kansas.

George Terwilliger. George Terwilliger died this morning at his home, 155 Park avenue, the cause of his death being heart trouble. Mr. Terwilliger was well advanced in years, being seventy-two years old. Beside a wife he leaves five children, Charles and Eugene Terwilliger, of this city, and James Terwilliger, of Bradford; also two daughters, Mrs. F. W. Bencke, of this city, and Mrs. Henry Davis, of La Prairie. The funeral will be held from the residence at 1 o'clock Sunday afternoon.

FRED GLENN GETS A GOOD PLACE. Made Assistant Surgeon of the P. and S. Hospital.

## THE RIVAL BUTCHER'S BALLS

They Both Drew Good Crowds and Both Paid Expenses.

Janesville people had their choice of Butcher's balls last night. One came off at the Armory and the other at Concordia hall. Both drew very large crowds and both paid expenses. Slocum's orchestra furnished the music at Concordia hall and Professor Smith's orchestra at the Armory. The affair at the latter hall was in charge of the following committees.

Arrangement—C. H. Kueck, Joseph Loeb; W. Kammer.

Reception—C. B. Conroy, Nels Carlson, John Schooff, James Flaherty, C. H. Kueck, F. J. Krueger, S. Henderson.

Floor—Henry Vogel, Ed. Abbott, Nic. Kramel, T. Courtney, Fred Gramzow, John F. Birmingham.

The committee which managed the Concordia event was composed of: Arrangement—Philip Gandel, W. T. Schofield, O. E. Kronitz, G. W. Yahn.

Reception—J. F. Yahn, Max Gramke, F. E. Petrie, A. W. Storm, H. A. Kronitz, Chas. Eickstedt, F. Coulter.

Floor—F. E. Petrie, F. L. Burger, A. W. Storm, F. H. Coulter, W. A. Murray, O. E. Kronitz.

GIVE THE CLUBS A RECEPTION. College Boys Will Be Entertained By the King's Daughters.

The King's Daughters of the Congregational church, will entertain the Beloit College Glee, Banjo and Mandolin clubs this evening in the church parlors, at the close of their performance. Ice cream and cake will be served and the occasion will doubtless be much enjoyed.

MILTON JUNCTION, April 19—Carpenters are all busy these days. Stewart Chambers has bought the corner lot on Vernal avenue of John Campbell.

Mrs. Albert Burdick, of Albion, was a caller in Milton Junction Wednesday. A number of the friends of Mrs. L. Garthwaite made her a surprise visit Tuesday night, as she is soon to move away. Mrs. Garthwaite has done the laundry work for the best families in town for many years. Her health has given out, and she is going to live with her daughter in Edgerton. The company presented her with a pair of gold bowed spectacles as a token of their esteem.

Dr. J. H. Burdick is now health officer for the town. Dr. Tickner's children are having the measles some of them quite hard. S. L. Crandall returned to Mazomania Tuesday. Mr. Sevey, the jeweler, intends to return to Battle Creek, Mich., soon. Mr. McKee of Sun Prairie has come to Milton Junction to learn the bakers' trade.

The concert at the M. E. church Wednesday night is highly spoken of and was attended by a goodly number of people. Mrs. Anna McClafferty is very sick with measles, at the home of her mother at Rock River. Quite a number of Masons from here, with their wives, attended the session of Knights Templar, at Janesville Sunday. Mrs. Reed and son of North Loop, Neb., is visiting in this vicinity. Dr. Warden of La Port Ind., has been in town attending business connected with Eld. Warden estate.

## CAME HERE TO LOOK FOR HIS GREY MARE

### BELOIT LIVERYMAN'S HORSE WAS MISSING.

Three Men Hired It; Came Here Yesterday and Staid Last Night; Hitched Up at Five O'clock This Morning and Drove To Belvidere Where They Got Frightened.

Janesville police are keeping their eyes open for three men who are thought to have attempted to steal a horse yesterday, but abandoned the animal after giving it a very hard drive. The men hired the outfit of Liveryman Leech of Beloit, who came here today in search of his property. He said the horse was a grey attached to a buggy with red running gear. Chief Acheson saw the men and rig here yesterday, his attention being drawn to them by the fact that the buggy was heavily loaded and the driver seemed to care very little about how he handled the horse. The men were driving about town yesterday and last night put the horse up at H. S. Ames' stable. At 5 o'clock this morning they called at the barn, had the horse hitched up and left. The next news of them came in a telegram saying that the outfit had been abandoned at Belvidere, Ill., and that the horse was pretty well played out as he had evidently been pushed every inch of the way from Janesville to the Illinois town.

The police are much inclined to think from the way things were done, that the men meant to steal the rig but became scared and gave it up when Belvidere was reached.

## BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN  
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.  
It will buy a building lot.  
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.  
Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballot in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop this paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

## THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

—ONE VOTE FOR—

OF JANESVILLE, WIS.

Very Queer Indeed.

Dully, nay, hardly experienced, are the sensations of the dyspeptic, nervous invalid. Ask him and he will tell you that it is well nigh impossible to describe them. Palpitations of the heart suggest—erroneously—that the organ is a teeter, buzzing in the ears, a queer metallic taste in the mouth and tingling along the edges of the tongue, restless, broken slumber at night, an inclination to sleep during the day, which disappears when the recumbent posture is assumed, frequent uneasiness of the stomach between food and after meals when digestion ought to have performed its office. These are a few among the indicia of the complaint, speedily removable by the use of Hostetter's Stomach Bitters, which also cures, and prevents, chills and fever, biliousness, constipation, rheumatism, neuralgia and kidney trouble.

If the Baby is Cutting Teeth, Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents bottle.

## WASHINGTON'S SCHOOLDAYS.

He Never Learned to Spell, but He Got a Solid Knowledge of Mathematics.

As a matter of fact little is known about George Washington's schooldays. His first teacher was named Hobby, and he was sexton as well as pedagogue of the Virginia parish in which the Washington family settled. Hobby was not a man of wide information or of deep culture. It is to be inferred that he knew how to write legibly and to teach the art skillfully, for the one pupil of his school who was destined to be illustrious wrote a clear plain hand. But, judging from the letters and other writings of the immortal George that are now extant, the teacher knew very little about orthography. At least he taught young George very little, for his spelling would drive a modern schoolmaster to drink. Possibly it was his pupil's inability

ity or lack of desire to learn to spell that brought about the lack of cordiality that is said to have existed between them, though it is stated on excellent authority that in a very short time after entering Hobby's school the pupil knew as much if not more than the master. Washington, pere, died in 1743, when Washington, fils, was but 11 years old. He then went to live with his half brother Augustine and attended a school kept by a man named Williams. There he studied no language but the English, and, the story goes, devoted little attention to that, confining himself principally to mathematics. This stood him in good stead when he became a surveyor.

The future general and first president of this republic, at the time he went to school to Mr. Williams, was tall, active and muscular and was so generally considered quite capable of thrashing any one of his companions that no one ever had the temerity to pick a quarrel with him.

Misapplied Assistance.

Two women sitting side by side in a street car the other day had an amusing experience. They were strangers to each other, but one happened to notice that her neighbor was having serious difficulty with a jacket she wore and at which she tugged, with the result that it would neither go on nor come off.

"Permit me," said the woman who sat near to her, and she pulled upon one shoulder and jerked up the top of the collar.

Still the woman with the jacket struggled with it, and the side that the other woman had so obligingly assisted up slipped down again, to be grabbed once more and pulled into place by the obliging passenger.

"Now, if you'll turn this way, I'll help you on the other side," she said to the astonished wearer.

"Thank you, ma'am," snapped the other woman. "If it's all the same to you, I'm trying to get this jacket off," and with a final jerk she succeeded in freeing herself from the encumbering wrap.

And the woman who had tried to help her gazed into blank futurity and recalled the example of the man who got rich minding his own business.—Detroit Free Press.

Having Fun.

A boy who was recently sent to a boarding school has just sent the following letter to his loving and anxious mother. "I got here all right, and I forgot to write before. It is a very nice place to have fun. A feller and I went out in a boat, and the boat tipped over, and a man got me out, and I was so full of water that I didn't know nothing for a good long while. The other boy has to be buried after they find him. His mother came from Lincoln, and she cries all the time. A hoss kicked me over, and I have got to have some money to pay the doctor for fixing my head. We are going to set an old barn on fire tonight, and I should smile if we don't have a bully fun. I lost my watch and am very sorry. I shall bring home some mud turtles, and I shall bring home a tame woodchuck if I can get 'em in my trunk."—New York Tribune.

Practical.

Sweet is sympathy, and thrice welcome are kind words, but there are times when the heart craves recognition more substantial.

In a western city not long ago a gentleman was surprised to recognize the face of a person who was hawking shoestrings and buttonhooks on a street corner as that of one of his regimental comrades during the war. He went up to the man, greeted him warmly and assured him of his sympathy. He was much grieved, he said, to see an old soldier in such a case.

When he had expressed himself at some length in this manner, he was suddenly interrupted by his former acquaintance.

"I'm much obliged for your pity," he remarked dryly, "but how many pairs of shoestrings will you buy?"—Youth's Companion.

Mrs. Houghton Is a Boomer.

Mrs. Alice Houghton is at present actively engaged in booming a club called the Western association, which she expects will in turn boom the west. Mrs. Houghton is a resident of the state of Washington and was president of the Washington board of lady managers at the World's fair.

Her present plan is to establish at Chicago a sort of permanent exhibition to display western products and exploit western resources. The association now has a membership of about 50 people.

## Washington's Dress and Manners.

Washington was neat and careful in his dress, but not the least inclined to foppishness. Whatever he made use of or wore he wished to be in good taste and the best of its kind. He was fond of children, considerate of the feelings of others, kind and liberal to servants, punctual to engagements, circumspect in his intercourse with people in general, painstaking and explicit in his business transactions. A memorandum in his journal of 1748 gives minute directions to his tailor, which begins as follows: "Have my coat made by the following directions, to be made a Frock with Lapel Breast," etc. The memorandum is long and very specific in its directions.

Fast.

Red's a fast color—yes, fast to run.  
Vide, the light at Lexington.

—Floating.

No Cigarettes at the Club.

In the famous Washington Woman's clubhouse tobacco in all forms is tabooed. Some of the members may smoke an occasional cigarette at home, but it will not be allowed at the club and the buffet contains no headache makers of any sort.—Washington Correspondent.

## MANY WOMEN SUFFER

FROM LACK OF INFORMATION.

Doctors Are Too Reserved. A Woman Should Be Dealt With Openly.

[SPECIAL TO OUR LADY READERS.]

Women are often allowed by their physicians to suffer much from lack of information and anxiety.

Many medical men are vain, and it is a struggle for them to acknowledge that they do not understand.

Women are often allowed by their physicians to suffer much from lack of information and anxiety. Many medical men are vain, and it is a struggle for them to acknowledge that they do not understand. They have faith in their doctor, and often wreck their lives through this unfortunate confidence.

In the treatment of female diseases men work from theory; and it is not to be expected that they can treat as intelligently those complaints from which they have never suffered, as a woman can who has made the organism and diseases of her sex a life study.

Women afflicted with female diseases are wise in communicating promptly with Mrs. Pinkham, at Lynn, Mass. Their distressed condition is due to womb trouble, and their symptoms tell the story.

Lydia E. Pinkham's Vegetable Compound is the one remedy that removes the cause, and restores health, courage, and happiness. The druggists sell more of it than all other female medicines. Why?

The following short letter speaks for itself. Mrs. Parker is a very young wife; only twenty-one years old. She was suffering untold misery when she wrote to Mrs. Pinkham for advice. See the result.

Can evidence be stronger than this? "I deem it my duty to announce the fact to all my fellow-sufferers of all female complaints that your Vegetable Compound has entirely cured me of all the pains and suffering I was enduring when I wrote you last May. I followed your advice to the letter, and the result is wonderful."—MRS. CHAS. PARKER, Little Falls, Minn. Any druggist has it.

## PICTURESQUE CLOTHING.

Abundant Exaggerations and Grotesque Extremes the Popular Fads.

The picturesque is the predominating idea in the most approved costume of the day. Eliminate the absurd exaggerations and the grotesque extremes, and the styles now prevailing are as pretty and artistic as one could find in searching costume history from beginning to end.

The plain skirt, profusely trimmed waist, and full sleeves are quaint and stylish. A costume that for general utility it would be difficult to surpass is made of

SATIN BLOUSE.

suiting. The skirt is very full at the hem and narrow at the top. The waist has a deep, round yoke of velvet edged with a fancy galloon. Into this the slightly full waist is gathered, and a pointed belt covers the lower edges. The collar is of galloon, and stands up close about the throat. A hat worn with this suit is of velvet matching that on the dress and is finished at the edge with a cord of gold and silver mixed, and trimmed with a profusion of plumes. From seven to nine plumes are not an unusual number for trimming one hat.

Clear color is the rule of the day. All the muddy and faded tints that once, and that not so long ago, bore the name of red, blue, pink, green or purple have disappeared, and the pure tones have replaced them. Frankness has superseded subtlety, and the symphonies and half tones of aesthetic days are things of the past—at least, just now. It is becoming the fashion to condemn the aesthetic movement, but it should be remembered that that craze—for in weak heads it became one—inaugurated an era of greatly improved taste in dress, decoration and furniture, the previous 20 years or so having been conspicuously lacking in that quality.

An illustration is given of a blouse of French blue satin. It is laid in plaits at the shoulders and waist, over a tight lining. The neck is cut slightly V shaped, and a narrow pointed yoke of satin at the back forms a sort of collar, edged by a fall of lace which is carried over the top of the sleeves to form epaulets. The balloon sleeves reach the elbow. Bows of satin are placed on the shoulders, and the belt is of ribbon.

## TO CLEAN LACE.

Mme. Modjeska Uses Writing Paper and Magnesia.

Delicate white laces may be cleansed with calcined magnesia after a recipe of Mme. Modjeska's. Spread the lace on a sheet of writing paper, sprinkle it on both sides with magnesia, place a second piece of paper over it, put away between the leaves of a book for three days, then shake off the powder, when the lace will be found perfectly clean. Laces are given a creamy hue by putting strained coffee or powdered

HOUSE GOWN.

saffron in the rinsing water until the right cream or ceru tinge is procured. White silk laces are soaked in milk overnight, then soaked in warm soapsuds, rinsed and finally pulled out and carefully pinned down while damp. Laces must be soaked gently squeezed and clapped between the hands until dry or nearly so. Laces may be whitened by letting them stand covered with soapsuds in the sun. Fine bread crumbs rubbed on will clean lace that is not very much soiled. White cotton laces are washed in warm soapsuds, well rinsed, then boiled, rinsed again, clapped nearly dry and pinned down on a smooth bed over a clean towel. Every point of the scallops should be pinned. If laces are ironed, which the best cleaners do not approve of, the ironing should be done over a soft flannel cloth, and with a cloth between the iron and lace.

Lace is still much used for trimming both in millinery and for gowns. It is a good plan not to stitch the more delicate kinds on the gown by machine, but to lightly baste them on by hand, so that they may be quickly and easily removed to be cleaned or freshened. They should never on any excuse be starched.

A sketch is given of a lace trimmed house gown of green and rose striped silk. The part opens over a full length blouse of white surah, each side being edged with coquilles of tinted lace, which also pass around the shoulders to form a bertha. The bouffant elbow sleeves are edged with a fall of lace, and a soft girle of rose satin passes around the back of the waist, being fastened with bows at each side of the front. The ripple collar is of white surah, and knots of rose satin adorn the shoulders.

## Tailor Styles.

The chief novelty of tailor made gowns is that the basques of the jackets are shallower and less severely plain. Sometimes the points in front turn upward and are secured with a button. Usually the basque is cut in one with the bodice, but occasionally it is added at the waist line. Seams are not necessarily strapped. Indeed that mode is more suited to purely country and sporting gowns than those intended for all round wear in town or country.

Every one of the above mentioned Bargains are splendid values. We have ten distinct lines of Children's Underwear, the values at 10c, 12 1-2c and 20c are especially good. In making our selections of Spring Underwear we have had one idea in view, to give the people the very best values for the money that could possibly be obtained.

We are selling many articles throughout our stock at lower prices than other stores are selling them. We believe it pays us to sell many lines of goods less than our competitors although they may object and call it dishonorable to do so. We believe it does the trade of the city good. We believe it brings outside trade to the city. We believe it is the life of trade in any city and we promise you to leave no stone unturned to stand in the front rank of energetic, wide awake, close-figuring merchants.

You can come to us in confidence that we will give you a square deal.

### CAMPOS IN COMMAND.

#### New Captain-General of Cuba Takes Hold of Affairs.

Santiago de Cuba, April 19.—In a proclamation issued by Governor General Martinez Campos he indicates that active military operations will be carried on and pledges himself to carry out all of the promised political and economical reforms for the island if he is supported. He also thinks the rebellion will soon be crushed, but that the actual pacification of the island will require a long time.

In another proclamation, to be given out soon, Campos will warn the planters in the exterior against aiding the insurgents.

The cruiser Condé Venadito, which fired on the Alliance, is cruising in search of a suspicious vessel from Grand Inagua or Hayti, which cleared for a port in Jamaica. Senor Deputy de Lome, the new Spanish minister to the United States, has gone to Havana. Captain General Calleja and his suite will start for Spain on Saturday.

Colonel Eschevarria, who fought the insurgents at Ciego de Rioja, came across the same band in the Las Masconez mountains, and has dispersed the rebels, killing two and wounding three.

#### A Letter from the Pope

Rome, April 19.—The pope, through the Congregation of the Propaganda, has addressed a letter to the Canadian bishop condemning the frequenting of Protestant or neutral schools by the Catholics of Manitoba.

#### Rev. Cleveland Is Upheld.

Watertown, N. Y., April 19.—A short time ago a dispute at Clermont Presbyterian church resulted in the parishioners voting to ask the resignation of the Rev. W. N. Cleveland, brother of President Cleveland, who has been pastor there for several years. The appeal to the St. Lawrence presbytery last evening was settled by approval of the Rev. Mr. Cleveland's course and his election as a representative to the general assembly of the Presbyterian church.

#### Death for Peace Commissioners.

Key West, Fla., April 19.—Report here has it that Martinez Campos has departed for the field with 6,000 troops. General Maso, an insurgent leader, has issued a manifesto declaring death to any peace commissions and asserting the strength of the insurgents to be 9,000 men, and gaining in numbers daily.

#### MONEY MADE AT HOME.

Last month I cleared, after paying all expenses, \$23.38; the month before \$18.86 and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and do not much experience. When you have an article that ever, family wants, it is very easy to sell it. It seems strange that a good, cheap dish washer was never before placed on the market. With the Perfection, which sells for \$5 you can wash and dry the dishes for a family in two minutes, without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co. Station O, Englewood, Ill. I feel convinced that any lady or gentleman, in any location can make \$5 to \$10 a day, as every family will very soon have a dish washer. Try it and publish your experience for the benefit of others. ALICE O.
